I want to thank all of the lifters that came to lift in this WNPf World Championship. Although our numbers were way down this year we look to get back to normal in 2022! We will be bringing back the WNPf World Tournament of Champions in 2022 to help get our league back on it's feet. We will have meets in Upstate NY, Ohio, Georgia and New Jersey starting at the end of October, 2022. Stay tuned for all of the dates as we try to set them up. Thanks to my staff because without you there is no WNPf, there are no great events, I appreciate you! Thanks to the audience members that cam out to cheer on all of the lifters. We will see you all in 2022.
